

Cleaning and Disinfecting Checklist – Hut Visitors

10th Mountain suggests that hut visitors clean and disinfect frequently-touched surfaces upon arrival, while at the hut, and upon departure to reduce spread of viruses. We encourage you to do your best and, certainly, hut visitors arriving after you will appreciate all that you do!

Surfaces - Kitchen, Dining, Common, Sleeping Areas and Outhouse

- Doorknobs
- Kitchen countertops
- Propane stove knobs and timers
- Tabletops
- Water container and pump handles
- Window cranks and latches
- Light switches
- Woodburning stove door handles and tools
- Handles – brooms, dustpans, axes
- Handrails

Washing Dishes. Recommended best practice per Centers for Disease Control and Prevention:

1. Thoroughly wash with soap and hot clean water
2. Rinse with hot clean water
3. For protection against food-borne illness, sanitize in solution of cool water/bleach solution (1 Tablespoon bleach/1 gallon of water)
4. Air dry
5. Before putting dishes back on shelf, wash hands and/or wear rubber gloves

Products Available at the Hut for Cleaning and Disinfecting

- Bleach*. Suggested solution - 4 Tablespoons per gallon of water. Not recommended for mattress covers. Use 1 Tablespoon per gallon of water for sanitizing dishes.
- Spray' n San Ultra*, FullSan II*, Sani-cide eX3 Disinfectant and Multipurpose Cleaner*
- Hand sanitizer, dish soap, degreaser, disposable rubber gloves, and disposable rags.

*Meets the EPA's criteria for use against SARS-CoV-2, the virus that causes COVID-19.
